**Safety Smart®** is an initiative aimed at improving the awareness and understanding of children ages 4-14 in safety and in managing themselves and their surroundings as safely as possible—by conscious action, not chance. Toward that end, UL produces multimedia public service announcements; arranges for Safety Smart Ambassador visits for children to learn from professional safety experts; hosts field trips to its laboratories, where students see safety engineers at work and participate in their own hands-on safety experiments; regularly advocates on emerging safety issues, especially regarding products that may pose a risk to consumers; and supports the development of its youth safety education programs. Through its efforts, Safety Smart cultivates awareness, provides opportunities for children to learn and practice safe, healthy, and environmentally friendly behaviors, and helps children learn to make more informed choices today and in the future.

**INTERPOL** is the world's largest international police organization. Our role is to assist law enforcement agencies in our 190 member countries to combat all forms of transnational crime. We work to help police across the world meet the growing challenges of crime in the 21st century by providing a high-tech infrastructure of technical and operational support. Our services include targeted training, expert investigative support, specialized databases and secure police communications channels.

Beyond police cooperation, INTERPOL recognizes that raising awareness is an essential part of crime prevention. Through education, INTERPOL encourages students to think about how today's global challenges are intrinsically linked to crime, leaving them prepared to recognize dangerous or illegal situations and make appropriate decisions if and when they are confronted with them.

- Re-create and re-imagine positive behaviors wherever you may be.
- Use vocabulary words associated with good character behavior.

- Get the pencils sharpened and ready for **Timon and Pumbaa's Character Tips** and **Good Character Safety Word Search** worksheets. (pgs. 6, 7)

**Answers** on pages **20, 21**

- Help children recall the lessons they learned on the DVD by deciding what's going on in each picture with the **Is It Safety Smart®?** Worksheet. (pg. 8)

**Answers** on page **22**

- Hang the **Safety Smart® Good Character Checklist** in the kitchen and encourage children to check-off each activity as they complete it. For weekly reminders, print out a new checklist! (pg. 9)
- Print out the **Good Character Stickers** and reward your children for practicing the three good character behaviors! (pgs. 10, 11, 12)

**DO YOUR PART! BE SAFETY SMART®! • VISIT [WWW.ULSAFETYSMART.COM](http://WWW.ULSAFETYSMART.COM)**

- Challenge the children to a game of **What Do YOU Do?** to get them thinking and talking about how to demonstrate good character behavior in common situations. (pgs. 13, 14, 15)
- Do the children know when and how to apply the Safety Smart® good character behaviors, even when it might seem easier not to apply them? Have the entire family perform a **Good Character** skit to reinforce how and why to apply the three good character behaviors to a number of different situations:

*Materials Needed:*

- **Timon and Pumbaa Masks** (pgs. 16, 17)
- Two paper plates
- Scissors
- Tape
- Two plastic straws, or ice cream sticks

1. Help children follow the instructions on the worksheet to make the masks.
2. Assign the following parts to two family members: Timon and Pumbaa.
3. Assign one or more of the following parts to a third family member: Lion Cub, Mitchell the Monkey, and Melinda the Monkey.
4. Take turns acting out how to demonstrate good character behavior. Here are some possible scenarios to get you started:
  - Timon and Pumbaa see a new lion cub in the jungle. Pumbaa wants to make friends but Timon does not. What should they do?
  - Timon is complimented for the flower decorations that Mitchell and Melinda actually made. What does Pumbaa say to Timon? How does Timon respond?
  - The competition for next year's Honest & Real Award has already begun. Timon is determined to win this year! What will Timon do to win the award? What does Pumbaa think about it?
5. Feel free to have all of your family members take turns playing the various roles and/or including other roles, such as vendors selling fake goods, a student copying homework off of another student, one person being mean to another person, or a child doing his or her chores.
6. Finally, have the children reflect on what they have learned from the activity. Here are some questions you might want to ask:
  - Why is it important to practice the three Safety Smart® good character behaviors?
  - How can you help your friends and family members remember how to demonstrate good character?

- Have a family **Sing-Along** with Timon and Pumbaa! On the DVD scene selection menu, choose the "Sing-Along" option. (Lyrics can be found on page 18.)
- Spend some "smart" time preparing to demonstrate good character behavior together—have your children help you review the **Safety Smart® Checklist** once a week.

**DO YOUR PART! BE SAFETY SMART®! • VISIT [WWW.ULSAFETYSMART.COM](http://WWW.ULSAFETYSMART.COM)**

- Whenever you want to remind yourselves about the three good character behaviors, sing the **Safety Smart® Honest & Real Jingle**:

*Just take a tip from Timon and me:  
Did something wrong? Then take responsibility!  
If you're working in a group, then do your share!  
Don't take credit for another's work, 'cause it's not fair!  
There's no better feeling you will find,  
Than the feeling that you get from doing something kind.  
Being mean is bad behavior you should leave behind,  
And instead be Honest & Real!*

- Award your children with their very own **Safety Smart® Certificate**. Encourage them to hang it up so everyone can see that they are always Safety Smart and Honest & Real! (pg. 19)

## WHAT DO YOU DO? (SAFETY SMART® GAME)

1. Cut out the **What Do YOU Do? Board Game** and the **What Do YOU Do? Question Cards**.
2. Tape the two pieces of the board game together. Use buttons or colored pieces from other games for the playing pieces. You will also need a die to move spaces.
3. Place the game pieces at **START** and place the question cards in a stack (face down). Have the first player draw a card and read the question aloud. If the player cannot answer the question, he or she loses a turn and the card goes to the bottom of the stack. If the player answers the question correctly, he or she rolls the die and moves the number of spaces shown.
4. The first player to reach **FINISH** wins the game!
